

Air fryer recall handling brief

Insignia NS-AF34D2 | March 14, 2024

Controlled sandbox fixture based on a CPSC recall; not an official CPSC PDF.

Product scope: Insignia 3.4-qt Digital Air Fryer model NS-AF34D2.

Reported hazards: overheating, fire and burns.

Consumer use

Consumers can continue using the recalled unit while awaiting refund instructions.

Remedy channel: Best Buy recall registration at recallrtr.com/airfryer.

The CPSC notice describes a refund check or Best Buy store credit process.

Do not promise an individual customer's refund without verification.

Factual source: CPSC recall published March 14, 2024
