

Lead and Copper Rule Improvements

Public fact sheet - 2024 announcement review

The EPA's 2024 announcement described a rule aimed at locating legacy lead service lines and replacing them on a defined schedule. This review copy summarizes the replacement-window statement for an internal planning entry.

Lead pipe replacement window

Within 10 years

The window is drawn from the 2024 LCRI summary.

Other 2024 announcement elements

- Locate and inventory lead service lines.
- Strengthen drinking-water testing and public communication.
- Keep a public replacement plan for review.
